

# A U D I O

*featuring The Blaster*

**B**igger, better, louder. Fueled by adventures far and wide and often sometimes by those that happen just down the street. We've figured out how to make it bigger, make it better, make it louder and make it *Bluetooth*. With big sound that can fill a room in a way like never before it's also designed for those times when you're outside the four walls doing what you like to do best.
